## INTRODUCTION

By virtue of Regulation 38 of the University (General) Regulations GN NO. 226 of 2013 the effective management of students admission records is the key responsibility of the Commission on one hand and HLIs on other hand. To maintain a record of applicants selected to join undergraduate degrees TCU has prepared this publication which contains statistics of all students who joined HLIs from 2012/13 to 2017/18 academic year. It should be noted that from 2010/2011 to 2016/17 Admission Cycles admission into Bachelors' degrees was done through Central Admission System (CAS) except for 2017/18 where the University Information Management System (UIMS) was used to receive and process admission data also provide feedback to HLIs. Hence the data used to prepare this publication was obtained from the two databases.

Prof. Charles D. Kihampa

**Executive Secretary**

**Table 1: Students Admitted into HLIs between 2012/13 and 2017/18 Admission Cycles**

## Analysis of Table 1

**Table 1** presents the admission trends of students by sex into Higher Learning Institutions (HLIs) from 2012-2013 to 2017-2018 academic years. The available data shows that the number of students admitted into bachelor's degree programmes increased progressively from **44,715** in 2012/13, **52,538** in 2013/14, to **59,887** in 2014/15, then **65,105** in 2015/16 and **69,539** in 2016/17. However, a sudden decrease was recorded in 2017/18 where about **63,737** students were selected to join Bachelor's degrees.

It can be noted from the table that the data includes **234** Tanzanian students who were selected to join University institutions in Mozambique between 2012/2013 and 2015/2016 through a bilateral students exchange arrangement between the Government of Tanzania and Mozambique Republic.

**Table 2: Students Graduation Statistics from 2010/11 to 2017/18**

## Analysis of Table 2

Graduation information were collected and analysed to provide a summary of graduation rates into HLIs for the past eight years from 2009/10 to 2016/17. The data entailed several details including: Name, Gender, Registration number, Award Name, Class, GPA, graduation year, form four index number, and institution name. **Table 2** presents the graduation statistics from 2009/10 to 2016/17 academic years which were gathered from Higher Learning Institutions (HLIs). However, the amount of data collected for this aspect was close to 98 %. So far a total of **286,577** students have graduated from HLIs for the past eight years from 2009/10 to 2016/17 academic years as summarised in figure 1.

**Figure 1: Summary of Graduation list**

Analysis of data presented in Figure 1 shows there were more graduates in 2015/16 (**54,998**) compared to 2016/ 17 (**48,133**) which shows a slight decline on the number of graduates.
