## PUBLIC NOTICE

### ONLINE SURVEY ON STAKEHOLDERS' VIEWS ON THE QUALITY OF UNIVERSITY EDUCATION IN TANZANIA

The Tanzania Commission for Universities (TCU) is mandated, amongst other things, to ensure that universities in the country produce graduates who have a best fit to the national, regional and international labour markets.

In recognition of the above, TCU has embarked on the process of collecting views from stakeholders on the quality of university education in Tanzania. The purpose of this exercise is to engage with stakeholders in order to obtain information on areas that need improvement in the education provided. Such information can also help to identify areas that need improvements in the teaching and learning processes.

In view of the above, TCU is inviting all university education stakeholders including employers, university graduates, university institutions and policy makers to participate in this important online survey by providing their views on the quality of university education in Tanzania. The questionnaire can be accessed from our website: [www.tcu.go.tz](http://www.tcu.go.tz) under the **News & Event** tab. Please note that the link will be available between **1<sup>st</sup> and 30<sup>th</sup> November 2022**.
